

Beckry Shine

Exclusive effects range for coatings

More than colors,
inspiration!

BeckryShine, a new understanding of architectural trends

... DigiRoyal

A touch of luxury from the Victorian era combined with the excitement of technical innovation developments.

Colour Palette:

Magical, royal and noble with warm satin and velvety touches. Digital, technological with cold shiny, glossy and metallic effects.

... UberEco

Unobtrusive luxury of colours inspired by nature, coming from minerals and precious stones.

Colour Palette:

Organic, clear and delicate colours, pearl effect and glitter sparkle.

... GrafitArt

Inspired by free-spirited artists exploring and expressing themselves publicly. Whether you appreciate it or not, it's becoming part of our surroundings!

Colour Palette:

Vivid and exaggerated strong contrasting colours.

... ClassChic

Everyday essentials of life, with a touch of chic.

Colour Palette:

Simple and uncomplicated, neutral clear tones and classical warm colours with a chic sparkle added by effect pigments.

BeckryShine, technical highlights

BeckryShine

...is a two layer decorative system (applied over a primer) providing a uniquely aesthetic appearance of the coated surface, designed with the architectural market in mind, for both aluminium substrate and HDG steel.

From a few classic basecoat colours, depending on the choice of the special effect topcoat, a whole range of exclusive effects is available, bringing you the opportunity to give added dimensions and originality to your building.

...is available in two qualities, as BeckryFluor and BeckryTech... allowing the gloss of the system to be chosen as the customer wishes.

Matt finishes

High gloss finishes

BeckryFluor...

...has outstanding weathering properties for use worldwide in the harshest conditions, has proven to stand the test of time after being exposed in extreme climates including deserts and the tropics with more than 30 years of experience. Available in isophorone free technology for the highest performance of buildings.

BeckryTech...

...is a very high durability topcoat based on innovative polyester chemistry, designed for cladding and roofing. It offers excellent stability in appearance and shade in outdoor exposures, combined with a high level of flexibility.

Who we are:

For almost 150 years the Swedish Beckers Group has specialized in the paint industry. As a leader, Becker Industrial Coatings is a pioneer company in liquid industrial paint field. Established on some twenty sites around the world, Becker Industrial Coatings has earned widespread respect through their innovations in Coil Coating paints.
